Square-Dealing One-Price

ONE year ago to-day we opened a clothing store in Wheeling. With fear and trembling we presented our ideas and plans for your consideration, and invited a trial. We have been gaining from the start; two seasons of our existence have passed, and crowds of customs and friends as beautiful. tomers and friends, as boundless as the air, have always encouraged us.

ONE PRICE AND NO DEVIATION!

Linked with this, we considered "Fair and Square Dealing" in our motto of equa importance, and upon this firm and solid foundation, we took our stand. Our ONE PRICE system met with considerable opposition at the start, and many arguments were necessary to implant it in your favor; but the people have already recognized it as the only true and strictly honorable method of all business transactions, and already see the advantages arising
